

RIGHTLY are we proud of the technical skill we have incorporated into the Giant B-36. What organization of power! What a miracle of speed! Specifically, it has a wingspan of 230 feet, is 162 feet long and nearly 47 feet high. Its maximum bomb load is 84,000 pounds. May she never be forced by our warped-minded enemies to dump her loads of devastation on innocent peoples. She knows her goal; the way is marked; her instruments are set. Let those who would mock God and destroy His Church never challenge her capabilities. She has Spiritual Precision.

OF COURSE the giant pictured here above the clouds is a mechanical marvel. But The President of the World Incorporated is much more interested in how we deal with flesh-and-blood persons. We are commanded to go into all the world and preach His cause. The Church is His Temple and our place of worship. How much more of value is a man than a ship? How far will we go to church? How far will we travel for Him? Some day we shall hear the Master say, "Inasmuch as you did it unto one of the least of these, you did it unto me." May our B-36 be His ambassador, His servant.

## Riviera Safety Poster Contest Deadline Nears

Deadline for entries in the Junior Riviera Bicycle Club safety poster contest is Friday, Feb. 20, reminds Mrs. John Dowling Jr., safety chairman of the Riviera PTA, sponsors of the contest.

Poster paper may be obtained and finished posters should be returned to Mrs. Dowling, 628 Calle de Arboles. Contestants may also submit finished posters to the office of the principal of the school.

Judging of the posters and the awarding of prizes has been scheduled for Saturday morning at the meeting of the club at El Retiro Park.

The contest is open to any boy or girl residing in Hollywood Riviera. The contestant's name, grade, and school should be written on the back of each entry.

Judging the posters will be Mr. Lee Kendall and Mrs. Carl Paul.

## Prayer Day

(Continued From Page 1)  
God, the El Nido Baptist, and Foursquare churches.

At 11:30 in the Methodist Church a planned meditation service will be observed for those persons who may wish to speak silently, thus participating in the World Day of Prayer to their own dictates.

Another planned service will be conducted in the Episcopal Church beginning at 4:30 for those persons unable to attend the mass meeting at 7:30. Co-operating in the afternoon service are the Evangelical United Brethren, Christian, Church of Christ, First Lutheran, Methodist, Episcopal churches and the YWCA. The offering at this service will be used to further the projects of the women of the Torrance Council of Churches. Included in the projects sponsored by the council are the American Indian, the migrant, and the education of Christian leaders in foreign countries.

Mass Meeting Planned  
Climaxing the day's events will be an evening service in the Episcopal Church at which Dr. O. Garnitska, of the Minneapolis Bible Institute, will be the speaker. Dr. Garnitska, now in Los Angeles with the Lutheran Bible Institute, will talk on "Prayer." Attendance at this devotional service is urged by all the cooperating churches.

Assisting the general chairman have been a number of sub-chairmen including: Mrs. Joe Cannon, prayer; Mrs. Marvin McCabe and Mrs. G. Cassell, printed devotions; Mrs. Wesley Megow, Mrs. John Almond, announcements; Mrs. Charlotte Lukes, noon devotion; Mrs. M. Nelson, hostess; Mrs. Homer Miller and Mrs. Wenske, children's care, and Mrs. Fred Wise, publicity.

## Harvey Machine To Get Power

Approval of a power contract between the Bonneville Power Administration and the Harvey Machine Co. for the operation of an aluminum plant which will be established in the vicinity of The Dalles, Ore., was announced yesterday by Interior Secretary Douglas McKay.

The contract, which contains provisions which will protect other consumers from increased costs because of the added use, is contingent upon the scheduled completion of the plant by May 1, 1955.

The new plant will furnish the Torrance aluminum extrusion plant of the company with much of the raw aluminum it needs to meet defense contracts.
